ENTRETIEN

To maintain your Grande Iris, we advise you :

For the speaker and the stand, except the speaker :

- Use a soft, slightly damp, lint-free cloth

It's totally forbidden to use products such as soap, laundry, detergents or any products not specified above.

For the speaker :

- In general and during normal use, it doesn't require cleaning.

If absolutely necessary, you can clean the speaker membrane very carefully. This operation is not recommended and remains under your sole responsibility in the event of damage to the speaker.

It's totally forbidden to use products such as soap, laundry, detergents or any products not specified above.

Warnings and advice for use

Grande Iris and all the accessory elements associated with it are designed and manufactured with the greatest care to bring you maximum pleasure.

So that your Grande Iris retains all its qualities, please respect the following recommendations :

- Use Grande Iris in a dry place, away from direct sunlight and strong heat
- No object should be brought inside Grande Iris
- Never disassemble or attempt to disassemble Grande Iris
- Don't touch the speaker membrane with your fingers
- Keep out of the reach of children
